Western Mass Hilltown Hikers Group Hike Event

WESTERN MASS HILLTOWN HIKERS

GOBBLE MOUNTAIN HIKE

visit our website for more info and registration

Join us for a 4.5 mile journey across the unique ridgeline. A challenging hike winding through majestic cliff faces topped with lush overgrowth and New England Hardwoods. The path goes up a fairly steep incline. There are a few ups and downs (mostly ups) on the way to the beacon tower on the Nature Conservancy preserve. We will pass interesting rock formations and a few small ponds. The view from the top of Gobble Mountain is a panoramic of Chester Village. The decent from the top is steep, passing large boulders.
